

5th International Scientific Conference of the Regional Directorate of Education of Crete

School Development Forms for a Sustainable Future: New Horizons in Modern Education and School Leadership

Invitation to join the Reviewers Committee

The Regional Directorate of Primary and Secondary Education of Crete organizes the 5th International Scientific Conference with the theme:

School Development Forms for a Sustainable Future: New Horizons in Modern Education and School Leadership

The conference will take place at the Model High School, Heraklion, Crete, 1- 3 March 2024.

The Organizing and Scientific Committees of the Conference invite Academic faculty members, researchers, Education Advisors, Education professionals, teachers of primary and secondary education, **holders of a doctoral or postgraduate degree** related to one of the thematic units of the Conference, who wish to become members of the Reviewers Committee of the Conference, to express their interest **until 15 November 2023**.

Furthermore, in order to be a member of the Review Committee, it is desirable to have experience in publishing articles in scientific journals and/or participating in scientific conferences with a peer-review system. Previous involvement in a Conference Review Committee is also preferable.

To express your interest, you need to create an account on the conference management website and fill in the reviewers' form, following the instructions: <https://5conf.pdekritis.gr/en/en-instructions>

Members of the Review Committee will evaluate the submitted papers based on scientific ethics, quality, and originality, following the conference's specifications, which have been announced.

Reviewers will receive a certificate for their contribution.

For more information, please visit the Conference website: <https://5conf.pdekritis.gr/en>
